Student Safety Checklist

- I know the layout of the buildings I have classes in and use differing paths to these buildings each day
- I am aware of the building and room number for each class and have it written down and with me at all times
- I remain alert and limit my distractions inside and outside of the classroom
- I have identified the primary exit of my classroom and building
- I have identified secondary exits of my classroom and building
- I have identified items in the classroom that could be used to distract an attacker
- I am aware of multiple lines of communication with the police
- I am aware of people inside, outside, and around my classroom at all times
- I can lock my door from the inside or I have items I can use to barricade the door
- I have a right and desire to survive
