Introduction

The Iowa State University Police Department provides professional law enforcement services while working cooperatively with the community in a proactive partnership. The ISU PD is authorized 41 fully certified sworn police officers and 9 certified dispatchers providing 24/7 emergency response.

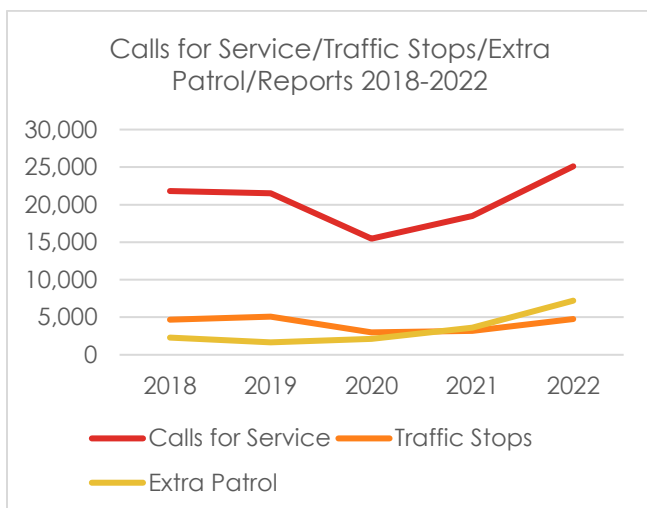

While the main jurisdiction is the ISU campus and outlying properties owned or controlled by the University, a 28E agreement partnering with law enforcement agencies in Story County allows ISU PD officers to patrol and investigate alleged criminal offenses outside of the ISU campus. The ISU campus contains approximately 2.8 square miles and enrollment for the 2022 fall semester was 29,969 students. The community of Ames covers approximately 24 square miles with a population of nearly 67,000.

This report provides a five-year comparison of a variety of activity conducted by the Iowa State Police Department. Examining data over time can be useful in determining trends and patterns and can provide insight for the efficient allocation of resources. In the data presented in this report, CAD refers to Computer Aided Dispatch.
