**ISU PD MONTHLY ACTION UPDATE**  
1/1 – 1/31/2023

There was a dramatic increase in the number of calls for service in January 2023. The majority of the increase was the result of increased extra patrols, a change in the logging of safety escorts due to the new Iowa State Safe app, and more traffic stops. The increase in reports for January 2023 came from a larger number of OWIs and traffic stops involving driving violations and drug offenses

There were 2 reports of stolen bicycles during January.

Bike Brand	Location	Lock	Value	When Taken
Aventon	Buchanan Hall	Locked	\$1500	12/24/22 – 0130 1/12/23
Marin	Student Services	Unsure	\$600	12/31/22 – 1/1/23

During December of 2022 there were two bicycles stolen from Buchanan Hall and Larch Hall. Both had been locked. The value of one was unknown, the value of the other was \$460.

The following graph shows Computer Aided Dispatch events with a mental health aspect for the month of January from 2019 - 2023.

**ISU PD MONTHLY ACTION UPDATE**  
2/1 – 2/28/2023

There was an increase in traffic stops (19.9%), cases written (14.9%), and all calls for service (62.4%) during February of 2023 compared to February of 2022. The increase in calls for service was mostly driven by extra patrols. Harassment reports are slightly increased from 2022, with theft and criminal mischief about the same year to date. Drug and alcohol violations are both up for the month of February as well as year to date. A portion of the increase in drug violations can be tied to an increased number of traffic stops with drugs being present in the vehicles. OWI violations were the same in February 2023 compared to February of 2022, but year to date are up 65%.

There were no reports of stolen bicycles during February. During January there were 2 reports of stolen bicycles. There was a call for service which indicated several cut/broken bicycle locks were present on the bicycle racks at Helser Hall, but no reports of stolen bicycles were taken during February. There have been a few reports in early March regarding stolen bicycles from the Helser racks.

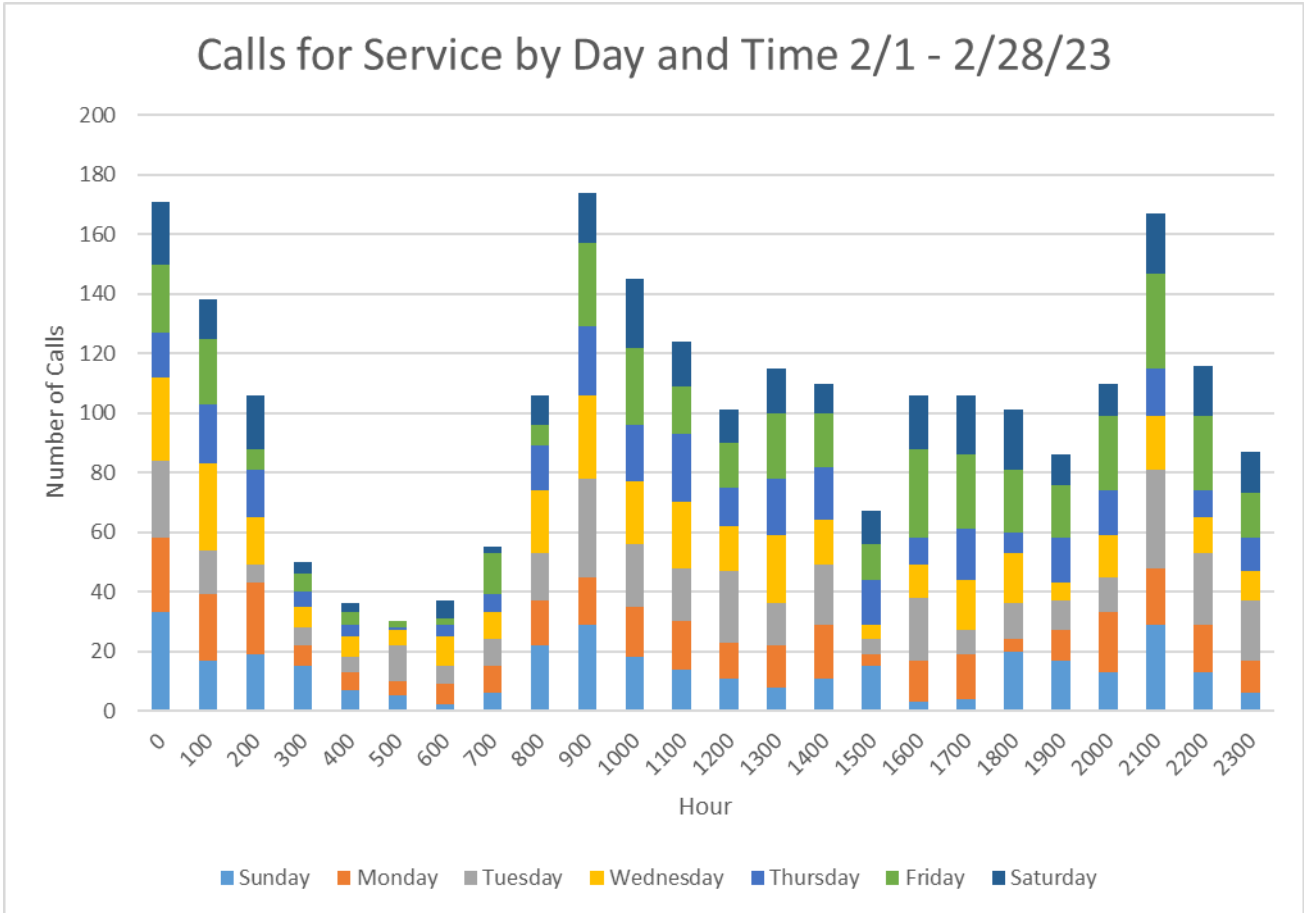

During February of 2023 there were thirteen OWI incident counts. Testing was refused in three incidents and drugs were involved in two other incidents. In the remaining cases, the Datamaster BAC ranged from .085 to .233, with the average Datamaster BAC being .149. There were thirteen OWI incident counts during February 2022. In one incident the BAC was .053 and the driver was charged with a .02 violation. Testing was refused in three incidents. In the remaining nine incidents, the BAC ranged from 0.14 to .201, with the average data master BAC being .168.

There were three public intoxication reports for the month of February 2023. The BAC ranged from .190 to .227, and the average BAC was .214. During February of 2022 there were also three public intoxication reports. The BAC ranged from .151 to .249, and the average BAC was .213.

**ISU PD MONTHLY ACTION UPDATE**  
8/1 – 8/31/2023

Activity in August of 2023 was higher than that of August of 2022 when looking at calls for service (up 24.0%), case reports (up 10.3%), and calls for service (up 24.0%). Year to date, traffic stops are up 39.2%, case reports are up 19.0%, and calls for service are up 52.8%. Much of the increase in calls for service can be attributed to self-initiated proactive calls. Theft reports were down for the month of August compared to August last year, and year to date theft reports are down 4.9%. Reported sex assaults have increased modestly, but the underlying numbers are relatively small and the percentage increases can be misleading. There were many alcohol violations associated with Cyclone Welcome weekend and the first home game of the football season, but fewer alcohol citations were written for Cyclone Welcome Weekend this year compared to last year.

There were two reports of stolen Ebikes and one report of a stolen bicycle during August 2023. All three were taken from Frederiksen Court, and all three had been locked. The Ebikes are considered motor vehicles for theft purposes.
